Foreword

The Education Management Information System (EMIS) in Nepal has been gradually evolving and demonstrably improving from the perspective of information collection, interpretation, presentation and application. This Report is the sixth of the Education Directorate to develop and serves the school education status in Bagmati province to all levels of agencies and stake-holder as well as policy makers, planners and implementers of the school education system.

This Bagmati province EMIS report is based on the flash I school census of school year 2024-25, provides the information/data of school, enrolments, internal efficiency including promotion, repetition, drop out and survival rates of students at all levels of the school education system i.e. province and local level and districts in disaggregated forms. Furthermore, this report analyses the indicators set in the SESP and assesses their targets based on the achievements to see how well school are supplied with basic support from the respective local levels. Such measures give an indication of the effectiveness of the education system. EMIS helps to identify whether the education system is functioning well and indicates special areas where greater attention is needed. This kind of information with regards to school performance has been instrumental for evidence-based educational planning and monitoring at district, regional and national levels.

In the process of preparation of this report many people and many people and organizations have contributed in various ways. In general, this report is the result of collective and collaborative effort of EMIS core team of Education Development Directorate Bagmati province, Ministry of Social Development Bagamati Province, EMIS section of CEHRD and local level officials. The constructive suggestions and feedback of the different stake-holders have played the significant roles in this process. I am grateful to all organizations and individuals who have contributed significantly to the overall process of this report and, thus, would like to extend gratitude for their contribution. Education Development Directorate always welcomes and highly appreciates your suggestions and feedback to make the report more relevant and useful.

Khubiram Adhikari
Director General

SECTION ONE : INTRODUCTION

1.1 Overview

The School Education Sector Plan (SESP, 2022-2032) is a guiding framework aimed at strengthening access, quality, and equity of education across Nepal. This plan builds upon the success and learning lessons set in the earlier School Sector Development Plan (SSDP, 2016-21) and School Sector Reform Plan (SSRP, 2009-2016) and also aligns the targets with the Sustainable Development Goals (SDGs). Building upon the SESP framework and the global SDG plans, the Bagamati Province developed its Second periodic plan (2081/82-2085/86) that is currently implemented. The long-term vision of this periodic plan is to ensure quality education and the preparation of skilled human resources while the ultimate aim of this plan is to ensure that no children between ages 5 to 12 are out of school and the Net Enrollment Rate (NER) of secondary level reaches to 52 percent by the end of the plan period. The major educational highlights of the Second periodic plan of Bagamati Province are:

a) Support schools and local governments (LGs) in terms of school construction, renovation, and providing basic amenities;

b) Help design and implement teacher training and professional development packages, improve the existing curriculum, and encourage the use of technology in education;

c) Support early childhood education; promote inclusive education programs and design scholarship packages for needy students;

d) Integrate vocational and technical training programs in secondary education curriculum;

e) Empower LGs and communities to manage educational institutions;

f) Implement school nurse program; and

g) Encourage community and stakeholder engagement

This report therefore outlines the status of Bagamati Province in terms of different educational indicators set in the SESP that ultimately support the major highlights of the periodic plan. This report also compares those indicators against other provinces and the national average. This is deliberately done to identify the status of Bagamati Province, assess the areas of strengths and weaknesses of the province, and use this information for plan, program, and strategy development.

1.2 Sources of Data

The federal Government manage Integrated Educational Management Information System (IEMIS) and it collects data from all schools across the country. The collected data is verified at the local government level before it is made available to the district, province. This report therefore is primarily based on the data that has been verified at the local level, and published at the federal level.

1.3 Data Presentation

In the current context where local governments are mandated to manage the overall aspect of school-level education, the presentation of disaggregated data at the local government level would have been the better option; however, it was not feasible and therefore, this report shows the province-level status in the report while the annexes provide the district and local government disaggregated data.

1.4 Organization of the Report

This report is organized into three sections. The first section is an introductory section, key Findings and key Performance Indicators with national comparison, in second section there are list of some special Schools and in third section there are annex sheets.

1.5 Province Summary

Bagmati Province is one of Nepal's most populous and urbanized provinces, consisting of 13 districts and 119 local governments, including 3 metropolitan cities, 1 sub-metropolitan city, 41 municipalities, and 74 rural municipalities. The province covers an area of 20,300 square kilometers, accounting for 13.79% of Nepal's total land area. According to the National Census 2021, Bagmati Province has a population of 5,529,452, with 2,781,819 females (50.3%) and 2,747,632 males (49.7%). The province is predominantly urban, with 72.57% of its population living in urban areas and only 27.43% in rural settlements. The average population growth rate stands at 1.91%.

In the academic year 2081 BS (2024/25), a total of 7,383 Early Childhood Education and Development (ECED) centers were operational across the province. These centers served 262,972 children, including 118,269 girls and 144,703 boys. Among them, 266 children were identified as having disabilities, underscoring the importance of inclusive education practices. Out of the total ECED centers, 4,038 were funded by the government. The ratio of children to ECED centers was 20.9 in government-funded institutions and 26.6 in institutional schools. Additionally, 278 children were enrolled in religious ECED centers.

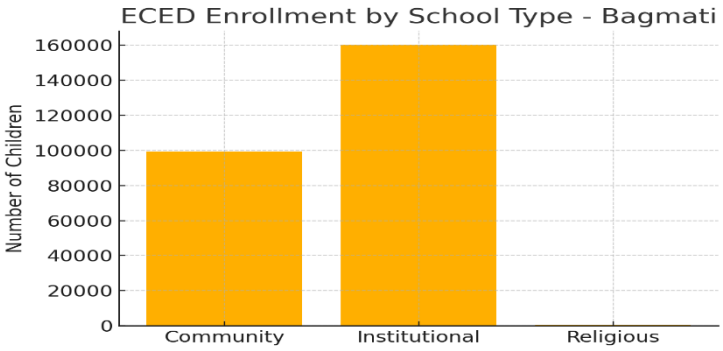
Bagmati Province had a total of 6,837 schools in operation, of which 4,743 (69.4%) were community schools and 2,094 (30.6%) were institutional schools. For basic education (Grades 1–8), 3,787 schools were active, with 3,294 being community and 493 institutional schools. At the secondary level (Grades 9–12), 3,050 schools were functional, including 1,449 community and 1,601 institutional schools. Notably, 45 community schools were operated as Madrassas, Gumbas, or Ashrams that offered both religious teachings and the national curriculum. Furthermore, the province hosted 372 technical schools, 282 of which were managed by the Council for Technical Education and Vocational Training (CTEVT), and 90 by the Centre for Education and Human Resource Development (CEHRD). In addition, 463 Community Learning Centers (CLCs) supported non-formal education, including adult literacy programs.

Student enrolment in Bagmati Province reflected a nearly even distribution between institutional and community schools. At the basic education level (Grades 1–8), a total of 969,174 students were enrolled—484,377 in community schools and 484,797 in institutional schools. At the secondary level (Grades 9–12), there were 405,164 students enrolled, with 207,253 (51.1%) in community schools and 197,911 (48.9%) in institutional schools. This pattern suggests that while institutional schools are slightly favored at the basic level, community schools hold a marginal preference at the secondary level.

The province continues to face challenges related to internal educational efficiency, particularly in early grades. The average repetition rate across Grades 1–5 was 5.9%, with Grade 1 alone having a 7.5% rate and Grade 2 at 5.1%. Similarly, the average dropout rate across Grades 1–5 stood at 2.1%, with 3.1% in Grade 1 and 2.7% in Grade 2. These figures indicate persistent concerns in foundational learning and student retention, reinforcing the need for targeted early-grade interventions and quality improvement programs.

SECTION TWO : EARLY CHILDHOOD AND DEVELOPMENT

- Bagmati Province had a total of 7,500 Early Childhood Education and Development (ECED) centers. Out of these, 4,987 were school/community-based centers funded by the Federal government, 489 by the Local Government, 2,024 were institutional (private), and 9 were religious/traditional.
- A total of 260,196 children were enrolled in ECEDs in Bagmati Province. Of these, 100,016 were in government-funded centers and 160,180 in institutional centers.
- Gender distribution among ECED enrollees: 117,460 girls and 142,736 boys.
- The ECED-child ratio in total was approximately 34.70 but government-funded centers was approximately 18.26 and 79.14 in institutional centers.

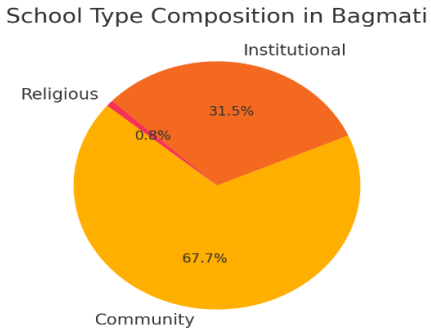


- A total of 1835 children enrolled in ECEDs had some form of disability, highlighting the need for inclusive education policies.
- The Gender Parity Index (GPI) for school enrollment in 2024/25 stands at 0.8 across all schools, indicating a moderate imbalance in favor of boys. A closer breakdown reveals that community schools have the highest gender parity at 0.9, reflecting near-equal participation of girls and boys. Institutional schools show a GPI of 0.8, similar to the overall average. However, religious schools report a significantly low GPI of 0.3, indicating a substantial gender gap with limited female representation.
- Total of 1,835 students with disabilities were enrolled across all types of schools in Bagmati Province. Of these, 992 students were enrolled in community schools, while 843 students were in institutional schools. No disability data has been reported from religious schools.
- The Gross Enrollment Rate (GER) in ECED stood at 112.6%, indicating universal access and some overage/underage enrollments. The Enrollment rate of 4 Year old Children in ECED reached 77.8%, slightly higher for boys (78.0%) than girls (77.6%), suggesting timely enrollment for most eligible children.
- A total of 125,214 new students joined Grade 1, including 57,074 girls and 68,140 boys. Among them, 94,389 students (75.4%) had attended ECED before joining Grade 1. Boys had slightly greater ECED exposure (76.4%) than girls (74.2%), though the gender gap has narrowed compared to past years.
- Availability of relevant materials in government supported ECEDs: Only 1,478 centers (27%) had teachers' guides, indicating limited support for instructional planning and pedagogy. Child-friendly learning materials were available in 2,890 centers (52.8%), covering just over half of the ECED/PPCs. Book corners, which are critical for early literacy development, were present in 2,446 centers (44.7%). Curriculum copies were available in 1,248 centers (22.8%), suggesting many centers may lack structured guidance. Access to local curriculum materials was particularly low, with only 737 centers (13.5%) equipped. Reference materials were available in 1,931 centers (35.3%), also reflecting a moderate gap in resource availability.
- Bagmati Province had a total of 5,476 Early Childhood Education and Development (ECED) centers run by Government. Among them, 3,930 centers had access to drinking water, 4,144 had toilets, and 4,052 employed qualified teachers. Only 434 centers had all six prescribed learning areas, while 5,469 provided dust-free classrooms.

- Out of the total ECEDs, 4,210 centers met at least three of the five minimum enabling standards, 3,426 met four standards, and 341 centers met all five standards. These figures indicate notable progress in basic infrastructure and learning conditions, though there remains a need to strengthen the quality of learning environments to ensure that more centers fully meet all required standards.
- In the academic year 2081 (2024–25), a total of 125,214 children were newly enrolled in Grade 1 in Bagmati Province, comprising 57,074 girls and 68,140 boys. Among these, 94,389 students (75.4%) had prior Early Childhood Education and Development (ECED) experience, with 42,336 girls (74.2%) and 52,053 boys (76.4%) benefiting from ECED before entering Grade 1.

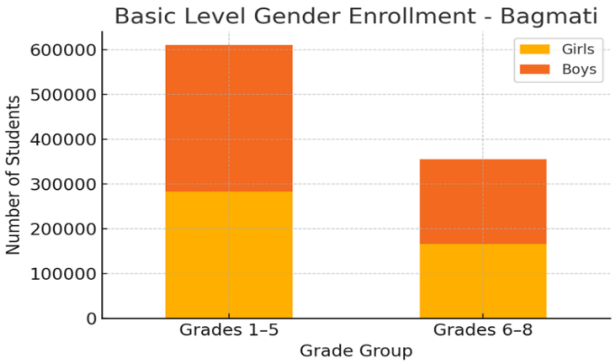
SECTION THREE : SCHOOL LEVEL EDUCATION

3.1 School

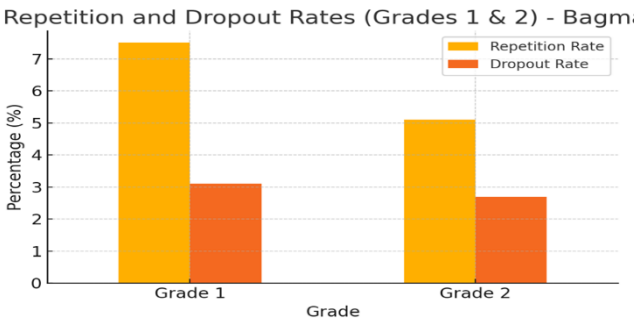


- Total number of schools in Bagmati Province is 6,692, with 4,534 (67.8%) community schools, 2,108 (31.5%) institutional schools, and 55 (0.7%) religious schools.
- Bagmati has the highest proportion of institutional schools (31.5%) among all provinces.
- Out of these, 3,651 are basic-level schools (Grades 1–8), consisting of 3,109 community, 511 institutional, and 31 religious schools.
- 3,041 schools offer secondary-level education (Grades 9–12), with 1,425 community, 1,597 institutional, and 19 religious schools.
- Bagmati Province has a total of 250 schools and institutions providing technical and vocational education. Among them, 160 are supported by CTEVT, including 91 offering Diploma-level courses and 69 offering Pre-Diploma courses, while the remaining 90 institutions are supported by CEHRD.
- The province has 69 model schools, representing 16.4% of the national total.
- 461 Community Learning Centers (CLCs) in Bagmati are funded by the federal government, with an additional 2 funded through local government resources.

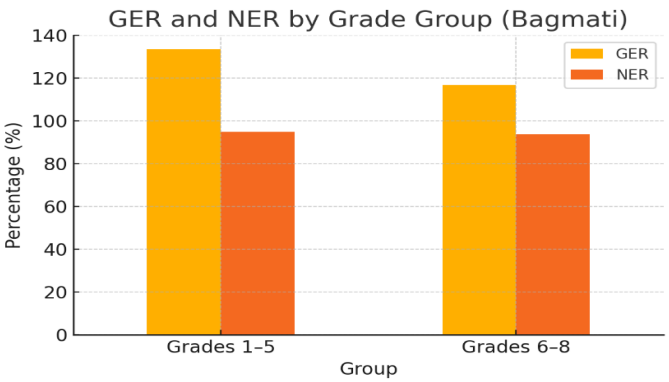
3.2 Basic Level Education



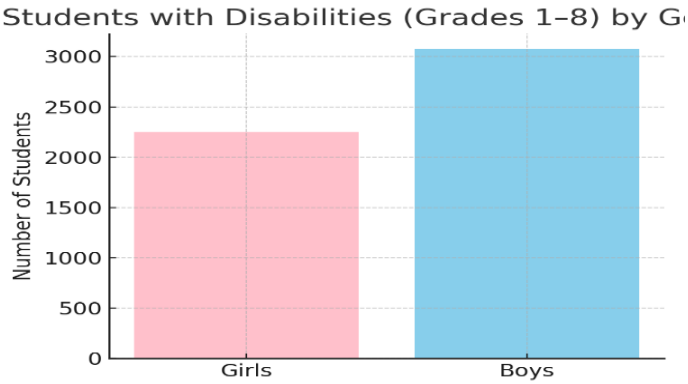
- In Bagmati Province, there are a total of 966,505 students enrolled in Grades 1 to 8. Out of these, 449,114 are girls and 517,391 are boys. Among them, 458,649 students are enrolled in Grades 1–5, and 507,856 students are in Grades 6–8. A notable point is that the proportion of girls is higher in community schools than in institutional schools, indicating a gendered preference.
- Dalit student enrolment significantly decreases as the grade level increases. From 146,569 in Grade 1, it drops to 93,358 in Grade 8, indicating a 36.3% decline. Janajati student numbers decrease from 246,335 in Grade 1 to 205,744 in Grade 8, a 16.5% drop. The Gender Parity Index for Dalits is 0.96, and for Janajatis it is 0.93, reflecting a slight imbalance favoring boys.
- Bagmati has 10,770 students from extremely disadvantaged Janajati communities. This includes 8,220 students in Grades 1–5 and 2,550 in Grades 6–8. The gender distribution is nearly equal, with 5,371 girls and 5,399 boys.
- There are 5,323 students with disabilities in Bagmati, comprising 2,248 girls and 3,075 boys. Most of these students (3,732) are in Grades 1–5, while 1,591 are in Grades 6–8.
- The overall promotion rate in Bagmati for Grades 1–8 is 85.2%, the repetition rate is 8.0%, and the dropout rate is 6.8%. Repetition is particularly high in early grades, especially Grade 1.



- Bagmati has a GER of 133.4% for Grades 1–5 and 116.7% for Grades 6–8. The NER is 94.9% for Grades 1–5 and 93.7% for Grades 6–8. These rates reflect that a notable proportion of students are either under-age or over-age.



- The Gross Intake Rate (GIR) in Grade 1 for Bagmati is 157.4%, indicating early or late admissions. The Net Intake Rate (NIR) stands at 93.5%.
- Bagmati's survival rate to Grade 5 is 87.0%, while the survival rate to Grade 8 is 87.9%. These rates suggest relatively good retention through the basic levels.
- The average number of students per school in community schools is 61.3 for Grades 1–5 and 82.8 for Grades 6–8. In institutional schools, the ratio is higher: 164.1 for Grades 1–5 and 102.7 for Grades 6–8.



- In Bagmati's community schools (Grades 1–5), 79.3% have electricity and 71.2% have internet access. Only 26.5% of these schools have computers. The average number of computers in Grades 1–8 community schools is 6.18 per school
- Among basic (1–5) schools in Bagmati, 1,793 have teachers' guides, 1,576 have child materials, and 1,323 have book corners. For Grades 1–8, 550 schools have teachers' guides, 476 have child materials, and 463 have book corners.
- In Bagmati, 58% of basic schools use self-prepared mid-day meal menus. Around 53.7% of schools use their own human resources to manage the program.
- In Bagmati, 87.9% of Grade 1–5 schools have School Improvement Plans (SIP), 91.6% have conducted social audits, and 89.0% have done financial audits. For Grade 1–8 schools, these rates are even higher: 90.4% SIP, 100% social audits, and 91.6% financial audits.
- A total of 125,522 students applied for pro-poor scholarships in Grade 5, and 130,044 applied in Grade 8. Provincial data was not disaggregated.
- More than 72.9% of Bagmati's community schools meet at least three of the five Basic Learning Conditions: sufficient teachers, classrooms, girls' toilets, library/book corners, and free textbooks.
- Bagmati has a total of 42,682 out-of-school children. Of these, 19,375 are girls (5.3%) and 23,307 are boys (5.8%). Bagmati is among the provinces with the lowest percentage of out-of-school children.
- Note: The estimates of out-of-school children (OOSC) are calculated through two methods. The first method estimates the OOSC by subtracting the enrolled children from the total population of school-age children. The second method, which has been used in this report, estimates OOSC by using data on the population of school-age children and the net enrollment rate (NER) of required levels. In terms of formula,

OOSC = Population of School-Age Children X (1 - NER)

3.3 Secondary Level Education

- In the academic year 2081 (2024/25), a total of 401,734 students were enrolled in secondary level (Grades 9–12) in Bagmati Province. This accounts for approximately 24.1% of the national total of 1,663,740 students. Of the total enrolled in Bagmati, 190,499 (47.4%) were girls and 211,235 (52.6%) were boys. In terms of school types, 192,250 students (47.9%) were enrolled in community schools and 209,484 (52.1%) in institutional schools. Girls constituted a larger proportion in community schools (52.4%) compared to institutional schools (42.8%), suggesting a parental preference for enrolling daughters in community schools, while boys were more often enrolled in institutional schools.
- At the national level, 12.5% of secondary-level students are from Dalit communities and 34.4% from Janajati groups. In Bagmati Province, 36,563 Dalit and 117,722 Janajati students were enrolled in Grade 12 alone. The Gender Parity Index (GPI) for Dalit students was 1.01 and for Janajati students 1.06, both higher than the national GPI of 0.96. This suggests relatively better participation of girls from marginalized communities at the secondary level, while the overall student population still slightly favors boys.
- Bagmati Province had the highest number of students from disadvantaged Janajati groups, with 1,654 students (48.6% of the national total of 3,402). Out of these, 716 were girls and 938 were boys, indicating both higher representation and greater gender equity in reaching secondary education for this population group.
- The Gross Enrolment Rate (GER) for Grades 9–12 in Bagmati was 94.0%, higher than the national average of 80.6%. The Net Enrolment Rate (NER) was 55.0%, almost equal to the national average of 55.8%. Bagmati showed a higher female enrolment in terms of NER (58.1%) compared to boys (51.9%), with a GPI of 1.1. This implies a reversal from basic education, where boys had higher enrolment rates, indicating progress in gender parity at the secondary level.
- The survival rate to Grade 10 in Bagmati was 67.0% and to Grade 12 was 55.3%, both above the national averages of 66.9% and 40.6%, respectively. Girls in Bagmati had higher survival rates (67.3% to Grade 10 and 57.3% to Grade 12) than boys (66.8% and 53.6%, respectively), reflecting greater educational continuity among female students.
- The student-to-school ratio in Bagmati was 78.8 for community schools and 63.2 for institutional schools in Grades 9–10. In Grades 11–12, the ratios were 103.7 for community and a high 253.9 for institutional schools. These ratios suggest that institutional schools are more densely populated at the senior secondary level, especially for boys.
- Bagmati Province has a strong infrastructure base in secondary community schools. For schools with Grades 1–12, 97.0% had electricity, 92.7% had computer access, 89.9% had drinking water, 90.2% had libraries, 96.3% had toilets, and 95.9% had internet access. These figures are consistently above national averages, making Bagmati one of the most well-equipped provinces.
- Learning materials were also widely available. In secondary schools (1–12), 74.0% had teachers' guides, 65.4% had child materials, 71.6% had book corners, 66.7% had printed curriculum, 75.2% had local curriculum, and 63.5% had reference materials. These rates again surpass national averages, indicating well-supported teaching-learning environments.
- Bagmati also performed strongly in governance practices. 91.0% of secondary (1–10) schools and 88.8% of secondary (1–12) schools had School Improvement Plans. All schools conducted social audits, and 95.0% (1–10) and 88.5% (1–12) completed financial audits. These indicators point to a robust monitoring and management system.
- Although specific BLC figures for Bagmati were not isolated, the province's consistently high access to facilities and resources suggests that it is likely among the leading provinces in fulfilling the Basic Learning Conditions, especially those related to infrastructure and gender-sensitive provisions like girls' toilets and textbooks.

3.4 Teacher

- In Bagmati Province, 27.7% of community schools and 29.9% of institutional schools are headed by female head teachers. These proportions are significantly above the national averages of 22.3% and 18.5%, indicating a stronger commitment to gender-inclusive leadership within the province. The data shows that nearly one in three school leadership roles in Bagmati are held by women, suggesting meaningful strides toward equitable representation. This is especially notable in institutional schools, where female leadership slightly surpasses that of community schools.
- At the basic education level (Grades 1–8), Bagmati Province has a total of 25,101 government-approved teachers, of which 12,010 (47.8%) are female. When disaggregated, there are 19,260 teachers in Grades 1–5 (Basic 1–5), where 50.9% are female, demonstrating near gender parity at the foundational level. However, in Grades 6–8 (Basic 6–8), there are only 5,841 teachers, and just 37.7% of them are female. This marks a clear drop in female representation as the grade level increases. This pattern in Bagmati aligns with the national trend, where female representation in teaching is higher in the lower basic grades and declines sharply in upper basic levels.
- In Bagmati Province, a total of 3,191 privately hired teachers are working in community schools at the basic level (Grades 1–8). Among them, 2,254 are female and 937 are male, meaning 70.7% of these teachers are women. This proportion is significantly higher than the national average, where 59% (11,905 out of 20,199) of privately hired basic level teachers are female. Breaking it down by level, 1,884 female and 539 male teachers are working in Grades 1–5, totaling 2,423 teachers. Here, 77.8% of the teachers are female, indicating a strong gender inclusion at the foundational education level. This figure is also notably higher than the national gender ratio at this level, where female teachers account for 67.4% (9,785 out of 14,508). At the upper basic level (Grades 6–8), there are 370 female and 398 male teachers in Bagmati, totaling 768 teachers. The gender distribution here is nearly balanced, with 48.2% female and 51.8% male. This contrasts with the national trend, where male teachers outnumber females in Grades 6–8 (62.7% male and 37.3% female at the national level).
- In Bagmati Province, a total of 20,509 teachers are working in institutional schools at the basic education level (Grades 1–8). Among them, 15,654 are female teachers and 4,855 are male, meaning 76.3% of institutional basic-level teachers are female. This proportion is significantly higher than the national average, where 65.1% of teachers in institutional schools are female and 34.9% are male. At the primary level (Grades 1–5), Bagmati has 12,349 teachers in institutional schools, including 10,775 female and 1,574 male teachers. Female teachers account for 87.3% of the total in this level—the highest proportion of female institutional teachers across all provinces at the foundational stage. This indicates a strong emphasis on gender inclusivity in early-grade teaching in Bagmati's institutional schools. At the lower secondary level (Grades 6–8), there are 8,160 teachers in Bagmati's institutional schools, composed of 4,879 females and 3,281 males. Here, female teachers still outnumber males, making up 59.8% of the total workforce in these grades. Comparatively, Bagmati has the highest number of institutional school teachers among all provinces. Its total of 20,509 teachers represents 32.1% of Nepal's total 63,942 institutional basic-level teachers, reflecting Bagmati's concentration of private (institutional) education facilities, particularly in urban areas like Kathmandu Valley.
- In Bagmati Province, there are a total of 6,204 government-approved teachers working in secondary education (Grades 9–12). Out of this, 2,153 are female and 4,051 are male, indicating that only 34.7% of secondary teachers are women. This is slightly above the national average of 29.4% female teachers at the secondary level. At the lower secondary level (Grades 9–10), Bagmati has 5,134 teachers, with 1,979 female and 3,155 male teachers. Female representation here is 38.5%, which is higher than the national average of 33.9% at this level.At the upper secondary level (Grades 11–12), only 153 out of 1,070 teachers are female, resulting in a female share of 14.3%. This is slightly above the national figure of 11.1%, but still significantly low, reflecting the persistent gender imbalance at higher levels of education.

- In Bagmati Province, a total of 12,008 teachers are working in institutional schools at the secondary level (Grades 9–12). Among them, 3,001 are female and 9,007 are male, meaning that 25% of institutional secondary-level teachers in the province are women. This is equal to the national average, where out of 27,337 institutional secondary-level teachers, 25% (5,702) are female and 75% (21,635) are male. At the secondary level (Grades 9–10), Bagmati has 9,767 teachers in institutional schools. Of these, 2,512 are female, which accounts for 25.7% of the total. This figure is slightly higher than the national average of 21.6% female representation at this level. At the upper secondary level (Grades 11–12), Bagmati has 2,241 institutional teachers, of which 489 are female and 1,752 are male. The share of female teachers here is 21.8%, also above the national average of 17.2%. Despite this relatively better performance, the proportion of female teachers still drops as the grade level increases, reflecting the same national trend of declining female participation in higher secondary education.

SECTION FOURS : KEY FINDING

4.1 Key finding 1: Number of schools (Religious schools are counted in community schools)

School Types	Total	Community	Institutional	Religious
ECED	**7500**	**5476**	**2024**	**9**
Total Unit:	**6692**	**4584**	**2108**	**55**
